IGLOOTEL

Event-Location | Bar | Restaurant | Hotel

IN THE FAR NORTH OF SWEDISH LAPLAND...

... only about 50 km south of the Arctic Circle, the unique IGLOOTEL is opening its doors once more right at the start of the winter season.

This incomparable snow and ice event hotel has been created in the breathtaking region of Arjeplog in collaboration with the Silver Resort.

This unusual location offers you several Event-IGLOOs covering a total area of approximately 800 m². including a bar, a spa area and 10 sleeping IGLOOs. Set in natural light, the interplay of the illumination and snow art creates an extraordinary atmosphere and is unique everywhere you look. Be our guest and pay us a visit for an unforgettable experience in the Arctic ice.

The IGLOOTEL offers you many different options. Whether you are travelling on your own, as a couple, in a group or as a company, a stay in the IGLOOTEL is an unforgettable experience for any target group. Spend the night in one of the artistically designed IGLOOs, enjoy drinks and a hot meal in one of the breathtaking event IGLOOs or in our ice and snow bar. Outside, in our Aurora area, you can delight in a wood-fired round sauna and our hot tubs, enjoying the special setting while relaxing under the open polar sky.

When you spend the night in the IGLOOTEL you have the choice of staying in a standard IGLOO or in a romantic IGLOO. All IGLOOs have their own individual, unique design and only differ in the number of people they can accommodate. Whereas 4-6 guests can be accommodated in standard IGLOOs (families with children up to a maximum of 6), you can book a romantic IGLOO, which is exclusively for you and your companion.

OPTIONAL ACTIVITIES...

Snowmobile safari

With the snowmobile, with the buzz of speed through thick forests and over frozen lakes, together with experienced guides. Everything is possible from a beginner tour to a professional adventure.

Rally-on-Ice

Drive and slide over a frozen lake and experience pure driving pleasure. The rally is driven with vehicles converted for rallies.

Dog sled trips have a long tradition in Scandinavia. There is hardly any better way to move through Lapland's wilderness in winter. You take your place on a dog sled that is driven by a musher (dog sled driver) and glide soundlessly through the snow.

Moose safari

You will meet close up the Swedish national symbol and the king of the forest. Its size and majestic stature fascinates visitors every time.

Snowshoe hiking

You step out into the winter landscape on snowshoes in a small group instructed by a local (English-speaking) guide and enjoy the unique peace and expanse of the untouched winter landscape.
